

# CORE VOCAL POWER SAMPLER

## CONTENTS & INFO

Hello!

This sampler packet will help you get a little taste of how to train your mind, soul and body. The CORE-SAMPLER Audio for the Male & Female voices start off easy, but get more difficult. If you are a beginning singer, only do the first six minutes and work your way up to the ending part. This audio sampler is a combination of Dot's CORE Resonating Program and CORE Vocal Power training to warm up your mind, soul & body.

I sincerely hope you enjoy!
